Able Information Technologies, Inc. Wins National Award From Inc. Magazine

Chandler, AZ. August 26, 2008: Able Information Technologies, Inc. (www.ableinc.com), a provider of complete technology solutions for the past 15 years and the #1 E-rate provider in Arizona, has been recognized by Inc. Magazine for its accomplishments as one of the 5000 fastest-growing private companies in America.

For more than 27 years, the Inc. 5000 list has served as a benchmark for the most innovative, dynamic, and successful companies in the nation. Able has earned the rank of 3075 out of all privately-owned companies in the entire country. During 2007, Able has experienced more than a 230% increase in revenue, almost doubled its workforce, doubled its fleet of vehicles, and opened a branch office in New Mexico.

Brandon Ames, President and CEO of Able, Inc., said that he is “very pleased that the hard work and dedication of the company and its employees is getting national attention and recognition”. Ames added that he sees “even greater things to come with 2008 being another growth year marked by higher revenues, additional employees, and a new, bigger facility that is being built to host the Company’s headquarters”. Able, Inc. is planning to expand its operations, beyond Arizona and New Mexico, to other Southwestern States in the near future.

About Able Information Technologies, Inc.

Able is a Chandler, Arizona-based provider of complete technology solutions for commercial, government and educational organizations, with offices in Arizona and New Mexico. Since 1993, Able has been providing solutions for clients to solve their current and future technological challenges.
