**Able Information Technologies, Inc. Voted “Best Places to Work” in the Valley by
The Phoenix Business Journal and BestCompaniesAZ, LLC.**

Chandler, AZ. December 16, 2008: Able Information Technologies, Inc. (www.ableinc.com), a provider of complete technology solutions for the past 15 years and the #1 E-rate provider in Arizona, has been named to the 2008 list of “Best Places To Work” in the Valley in the Small-sized category (under 100 employees).

The “*Best Places to Work*” list, which was started in 2003, recognizes Valley companies who, through a third party, administered employee surveys and ranked their respective companies as being the best places to work. The areas surveyed are varied and include workplace environment, leadership direction, culture, and management practices.

Able was acknowledged for creating an enjoyable corporate culture and work environment that fosters personal and professional growth for its employees. “We are excited to be named as one of the ‘Best Places to Work’ in the Valley this year,” said Jessica Soqui, Director of Human Resources at Able. Soqui added “Able is a great place to work because our corporate values reflect the personal values of our employees and their families.”

Winners were announced at the “*Best Places to Work*” Luncheon, December 11th at the Arizona Biltmore, and are featured on an exclusive website for the Valley “Best Places to Work” at: www.BestCompaniesAZ.com

About Able Information Technologies, Inc.

Able is a Chandler, Arizona-based provider of complete technology solutions for commercial, government and educational organizations, with offices in Arizona, New Mexico, and Texas.
